

FSU Emeritus Society Student Veteran Academic Excellence Scholarship

Florida State University has committed to establishing and maintaining the nation's most veteran friendly and empowering campus. Achieving this goal calls for university wide partnerships and it is an honor to be joining with the Emeritus Society in our Florida State Veterans Campaign bringing us another step closer to being number one for veterans! The simple focus of the Florida State Veterans Campaign is to ease the transition from the military into college, support veterans through graduation, and then assist them in starting careers or entering graduate school.
